Subject: HS2 Works Notification: A38 Slip road closure in Streethay, near Lichfield
SRM:084314619

Dear Gemma,

HS2 Works Notification: Notice of work in Streethay, A38 southbound slip road

We're writing to let you know about some planned works that we will be carrying out in your area.

During the parliamentary stages we identified ways to reduce the visual impact of the scheme, we responded to concerns and the design was changed to a cutting. This means the HS2 line will now run under the A38, so that it is less visible in your line of sight.

To progress the cutting, we are constructing a bridge to take the A38 over the HS2 line. The new HS2 railway line will run beneath the main carriageway, slip roads and existing railway lines.

To carry out this programme safely, we will have phased traffic management which will commence with the closure of the A38 southbound slip road at Streethay from Monday 1 August 2022 at 9pm for 15 months. We recognise this will be impactful but by closing the slip road it allows us to complete the work quicker overall, saving 12 months on our programme.

We're committed to keeping you informed about the planning and delivery of the railway in your area with regular updates on progress.
